

Overview

The HP LCD8500 1U Rackmount Console Kit is an ultra-dense, high-performance KVM console that combines a full 18.5-inch LCD monitor with keyboard and touch pad in a 1U form factor. The 1U rackmount form factor is designed to allow a KVM console switch to be mounted directly behind it. The WXGA TFT LCD brightview display supports most common video resolutions, from 800 x 600 through 1600 x 1200 at 60 to 75 Hz refresh rates.

The LCD8500 1U Rackmount Console Kit features a new silver enclosure making identification in the rack much easier. The rackmount keyboard includes a three-button touch pad with four (4) scroll keys and Windows shortcut keys. The LCD8500 1U Rackmount Console Kit also includes a new Lid Switch display management feature that shuts off the display backlight when the console is closed and repowers to its current state when opened again, helping to prolong the life of the display panel.

Why do you need a KVM Console for your rack?

- Local access to each server from the data center floor when using a KVM Console Switch.
- More convenience and faster access than typical %rash cart%server access solutions.

Why HP?

- HP Care Pack services purchased for servers and storage extend to our rack and power infrastructure products such as racks, power distribution units, uninterruptible power systems, and KVM console switches.

What is the HP advantage for you? You don't have to spend additional budget to cover extended warranties and services for your rack and power infrastructure as you would with non-HP products.

- HP rack and power infrastructure products are designed and developed to be used specifically with HP servers and storage.

What is the HP advantage for you? You can use HP rack and power products with non-HP IT equipment[†]however, when used with HP servers, you are able to take advantage of various server and IP-based tools used for maintaining and managing all the equipment in the rack.

- While you have many choices for rack and power infrastructure products, HP offers an extensive range of rack, power, and KVM

Overview

products to meet all your needs.

What is the HP advantage for you? HP can help to simplify IT purchasing, installation, usage, and maintenance for your organization by providing a single point of contact for all your needs

Standard Features

HP LCD8500 1U Rackmount Console Kit Standard Features

High Density KVM Solution The LCD8500 1U Rackmount Console Kit combines a full 18.5 inch WXGA+ monitor and keyboard with touch pad in a 1U format with enough room to mount an HP KVM switch behind it. Tool less rails ease installation.

Performance

High-resolution 1600 x 1200 WXGA TFT LCD brightview display supports most commonly used resolutions.

Built-in interface electronics Offers support of common video resolutions from 800 x 600 through 1600 x 1200 at 60 to 75 Hz refresh rates.

Color Active matrix TFT screen Guarantees a flicker-free picture that is sharper in focus than a CRT monitor.

USB and PS2 connectivity Allows a variety of connection options.

Front USB port Provides two USB front side pass-through ports for use with KVM Console Switches that support virtual media.

Ergonomic Design

Wide format Display is easier to see and reduces eye fatigue.

New silver color New color and front LEDs ease unit identification when closed in high density racks.

2-Button On-Screen Conveniently located on the front/bottom of the display assembly, making screen adjustments easy.

Display (OSD) Adjustments A wide array of adjustments can be made, including brightness, contrast, image adjust, OSD settings and factory presets.

Lid Switch Will engage when display assembly is closed to shut off the power to the panel backlight. When opened, display assembly will re-power to current state. This feature is designed to prolong the life of the display panel.

Multilingual On-Screen Display (OSD) Can support 7 languages (English, French, German, Italian, Japanese, Simple Chinese, and Spanish).

3-Button Touchpad with scrolling Located below the space bar for a centrally located input device.

Four scroll keys (inverted T) Located between the keyboard and numeric keypad for easy access.

Warranty

Three-year Limited Warranty for parts only.
NOTE—Certain restrictions and exclusions apply. Consult the [HP Customer Support Center](#) for details.

Service and Support, HP Care Pack, and Warranty Information

Service and Support

NOTE: HP KVM Server Console and Monitor is supported as a part of the HP Server Infrastructure. No separate HP Care Packs need to be purchased.

HP Technology Services for Industry Standard Servers

HP Technology Services delivers confidence, reduces risk and helps customers realize agility and stability. Connect to HP to help prevent problems and solve issues faster. Our support technology lets you tap into the knowledge of millions of devices and thousands of experts to stay informed and in control, anywhere, any time.

Protect your business beyond warranty with HP Care Pack Services

HP Care Pack Services enable you to order the right service level, length of coverage and response time as you purchase your new server, giving you full entitlement for the term you select.

HP Care Pack Services include HP branded hardware options qualified for the server, purchased at the same time or afterwards, internal to the enclosure, as well as 22" and smaller external monitors and tower UPS options up to 3KVA. 22" and smaller external monitors will be covered at the same service level and coverage period as the server. For servers or storage systems installed within a rack, service also covers all HP qualified rack options installed within the same rack.

**Environment-friendly
Products and Approach****End-of-life Management
and Recycling**

Hewlett-Packard offers end-of-life HP product return, trade-in, and recycling programs in many geographic areas. For trade-in information, please go to <http://www.hp.com/go/green>. To recycle your product, please go to <http://www.hp.com/go/green> or contact your nearest HP sales office. Products returned to HP will be recycled, recovered or disposed of in a responsible manner.

The EU WEEE directive (2002/95/EC) requires manufacturers to provide treatment information for each product type for use by treatment facilities. This information (product disassembly instructions) is posted on the Hewlett Packard web site at <http://www.hp.com/go/green>. These instructions may be used by recyclers and other WEEE treatment facilities as well as HP OEM customers who integrate and re-sell HP equipment.
